**When Reading the Bible, Remember This:**

1. The God who is there is the God of the Bible, who is (among other things) Creator, Saviour, and Communicator.
2. Human beings were created in his image, which involves us as those with whom God communicates.
3. The truth of God is evident in all Creation.
4. Sin means the human declaration of independence from God, and the suppression of the truth.
5. Grace means that God mercifully provides special revelation that informs, redeems and makes God present to us.
6. This redemptive revelation, the word of God, is focused on Jesus Christ.

From Graeme Goldsworthy, *Gospel Centered Hermeneutics*. Downers Grove: InterVarsity Press, 2006.
